

## INVITATION TO TENDER

### *Water Authority - Cayman*

is seeking contractors who are interested in providing a tender for the contract to replace feed water pipework at its Lower Valley Water Works

The work to be undertaken comprises the removal of existing stainless steel pipework and the provision and installation of 10" diameter HDPE pipes and various fittings.

Interested contractors must have documented experience installing HDPE pipelines using the butt-fusion process of a size similar to that required for this project.

Company information, including relevant experience and available equipment, must be sent to:

The Deputy Director,  
Water Authority - Cayman  
P.O. Box 1104  
Grand Cayman KY1-1102

The required information must be received no later than 12:00 noon on Friday, 16 October, 2015.

Bid Documents will be sent to the interested contractors on Monday, 19 October, 2015.
