NOW HIRING
ENGINEER

Water Authority - Cayman
"Suppliers of the World's Most Popular Drink"

The Water Authority–Cayman is seeking an experienced and suitably qualified **Engineer** to join its team. The successful candidate will provide engineering design, site supervision and resident engineering services for engineering projects carried out or prepared by the Water Authority. The successful candidate will also provide engineering support to the Authority's operational divisions.

JOB REQUIREMENTS:

- Bachelor's degree in engineering (i.e. civil, mechanical) preferably with a professional engineering qualification from a recognised international organisation (P.ENg, PE, EEng) or licensing body, or alternatively shall either have passed the EIT exam (if US educated) or have completed at least 50% of the structured training requirements as specified by the I.C.E (If UK educated)
- Minimum of 5 years relevant post graduate engineering experience, including the design, construction supervision and inspection of projects.
- Comprehensive working knowledge of engineering principles, practices, standards and regulations relating to water and wastewater infrastructure.
- Proven ability to apply engineering knowledge to real world situations and produce cost effective engineering solutions.
- Demonstrated working knowledge of and experience with the installation of mechanical and electrical equipment typically used with water and wastewater infrastructure, such as pumps, blowers, valves etc in order to properly supervise/ inspect installations and operation.
- Advanced computer literacy is required, including the use of Microsoft Office applications, and engineering software such as AutoCAD is essential.
- Strong written (including technical writing) and verbal communication skills in order to prepare and present clear, accurate reports, and to communicate effectively with management, consultants, contractors and customers.
- Ability to work independently with minimal supervision.

The salary range for the post is CI$84,720 – CI$105,900 per annum.

The Water Authority offers competitive benefits, including a 100% non-contributory pension & premier health insurance, and a generous leave package. This is a full-time permanent role and regular hours of work at 37.5 per week, Monday-Friday.
