

CAREER OPPORTUNITY

Water Authority - Cayman

Invites applications for the post of

Superintendent-Water Supply

The successful candidate will manage and supervise the various water supply connections crews that perform a variety of tasks involved with the installation and repairs to the Water Authority's public water supply infrastructure of Grand Cayman. The postholder reports directly to the Operations Manager-WS.

JOB REQUIREMENTS:

- High school diploma with O'level (or equivalent) passes in math and English
- A Level 3 technical/vocational certification from a recognized international Board of Certification as a Water Plant/Treatment/Distribution Operator
- At least 7 years experience working for a water or wastewater utility, with at least 3 of those years in a supervisory position; or minimum 5 years as licensed Master/Journeyman Plumber or Pipefitter
- Working knowledge and experience in servicing mechanical and electrical equipment typically used in water utility applications, i.e., pumps, valves and electrical controls. Familiarity with SCADA systems will be useful
- Proficiency in mathematics, writing and using personal computers for various business applications including spreadsheets in order to complete work records
- Must be organized, responsible, willing to work flexible hours and with minimum supervision.

The Water Authority offers competitive salaries, an international medical insurance plan, a pension plan and generous vacation benefits. The starting salary range is CI\$59,940 - \$74,930 per annum.

Please send applications, including cover letter and resume to:
