

Water Authority - Cayman
"Suppliers of the World's Most Popular Drink"

LOCATE AND MARK REQUEST FORM

Before beginning any work involving excavation, drilling, clearing of vacant property or other related civil works, please complete this form to request that any/all Water Authority infrastructure in the area be located and marked. Not contacting the Authority prior to commencing work could result in costly damage to water or sewerage infrastructure that you may then be liable to compensate for.

Please submit the completed form to the Authority by fax (949-0094), or by e-mail to pipe.location@waterauthority.ky, at least two (2) working days prior to the proposed work start date.
